# When Santa goes missing, who should the Edmonton Police Service call?

The Edmonton Police Foundation (EPF) is dedicated to supporting the Edmonton Police Service (EPS) in building strong and positive relationships with the community. We understand those relationships need to start in childhood. That is why EPF and EPS partner on several programs geared towards children and youth that offers them the unique chance to communicate with police. They are able to learn from each other which ultimately makes our community stronger and safer.

In 2021, EPF created the program Holiday Heroes. Funding was provided to 10 EPS units to adopt families in need from Bent Arrow Traditional Healing Society. The EPS members purchased items off their Christmas wish lists and bags of nutritious food. They delivered the gifts in uniform to help create positive memories of police for the children.

Building off the success of Holiday Heroes, we are planning an event called **Operation Find Santa** for the 2022 Christmas Season!

Santa has gone missing, and EPS needs help to find him! Police Chief Dale McFee knows there is only one group that can help... Kids from Bent Arrow Traditional Healing Society!

10 families from Bent Arrow will be invited to come along on a special EPS bus to search for clues. Businesses across Edmonton hold those clues and will be waiting for the children to recover them... and might provide a special treat in the process. The families will work alongside EPS police officers to rescue this beloved childhood character. Not only will this help strengthen their relationship with police, it will also create an opportunity for children to feel special. This will be an amazing story for them to tell their classmates after the holidays!

After Santa is recovered, the families will be presented with gifts and groceries, to make their Christmas even brighter.
